

Vagabond XL ARF RED foil covered ELECTRO

Art.Nr.: HC1223ER

Popular slope aerobatic glider in XL size in electro version in attractive colors and with a larger wing span, greater lateral surface of the fuselage, larger tail surfaces and controls full-moving elevator with pulley for deflection of $\pm 90^\circ$! Great wings across the wing span, large rudder and pendel-elevator provide extreme dexterity of the glider. That makes Vagabond XL extreme aerobatic sglider.
