

Futaba External Voltage Input Cable CA-RVIN-700

Art.Nr.: CA-RVIN-700 / P-EBB0141

Anschlusskabel mit Sicherung, zur externen Spannungsmessung (Teilesatz).

Geeignet für die Empfänger R3008SB, R6308SBT, R7018SB und R7008SB.

Features

- Used to connect a Futaba telemetry equipped receiver to an extra voltage port.

Includes

- Cable, Fuse, Heat Shrink Tube and Instructions.

Specifications

- Length: 27.5" (698mm)

Comments

This voltage cable plugs into the R7008SB next to the antenna. This measures the external voltage, such as the battery that is running a motor. The voltage will be displayed in the transmitter as "EXT-VOLT". Maximum voltage is 70 volts.
