

FMS 80mm Ducted Fan / Impeller 12-Blatt incl. 3280-KV2100 PRO V2
Brushless Motor

Art.Nr.: FMSDF009-1

80mm **Platinum series** 12 bladed EDF

6S capable inrunner brushless motor

80mm Ducted Fan 12 Blades with inner-running motor 6S

The FMS 80mm Ducted Fan is same with the FMS 50mm / 64mm / 70mm / 90mm Ducted Fan, which adopts the new design philosophy, with insider knowledge of professional aerodynamics and air flow field analysis from the prestigious Beihang University, getting optimal data. Basing on the optimal data, FMS goes on with modeling, 3D printing, dynamic tests, and then to the final mould processing.

Composite
Material with
High Strength
and Tenacity

Excellent
Dynamic Balance
with Much
Higher Efficiency

Clean sheet
inrunner design
significantly
increased thrust
