Black Horse Ryan 120 GP/Gas ARTF V2 - 2350mm

Art.Nr.: BH72a

RYAN-STA 120 V2

- * STAINLESS STEEL OLEO STRUTS LANDING GEAR
- ALL BALSA PLYWOOD CONSTRUCTION
- COVERED WITH QUALITY FILM

Updated from the first version A-BH072 this new A-BH072A Ryan 120 features new construction techniques and many refinements over the original.

This is the largest Ryan in the exciting new Black Horse range. Perfect for use with 1.20 size four strokes, or the latest breed of compact petrol engines, this big 2350 mm span model is certain to be admired wherever it's flown.

And that larger size translates into a smooth and predictable flight performance that will delight any pilot with previous low wing experience, making it a perfect choice as a first large scale model. Features traditionally built construction techniques and hand finished in smooth glossy Qualit?tsfolie.
