

VQ-Models Aircraft D3A1 Aichi .46 EP-GP (Grey ver.) ARF - 1540mm

Art.Nr.: VQA138 Grey

AICHI D3A1 "VAL" (46 size EP-GP - warbird category)

The **Aichi D3A Type 99 Carrier Bomber**, (Allied reporting name "Val") was a World War II carrier-borne dive bomber. It was the primary dive bomber of the Imperial Japanese Navy (IJN), and participated in almost all IJN actions, including the attack on Pearl Harbor. The Aichi D3A was the first Japanese aircraft to bomb American targets in the war, commencing with Pearl Harbor and U.S. bases in the Philippines, such as Clark Air Force Base. Vals sank more Allied warships than any other Axis aircraft, despite being considered obsolescent when the war started.

Now, VQ Introduces the D3A1 Aichi 46 size EP-GP as a super scale series (3S). This D3A1 Aichi comes with 4 scale flap, 1 x painted pilots, machine gun, antenna. Also we have supply in the kit some scale detail make by ply wood sothat you can make your D3A1 Aichi look like a real one .

With the big battery hatch, you can use both Electric motor or Nitro engine.

With the scale Fiberglass Wheel cover plastic machine gun, it makes this D3A1 Aichi become one of the best Balsa scale warbird 46 size in the market.

Specifications:

- Wingspan: 1540mm (60.6 in.)
- Fuselage Lenght: 1120mm (44 in.)
