

Topmodel CZ ELIXIR 3200mm ARF Weis/Rot - Segelflugmodell

Art.Nr.: 02054ARF

All new performances sailplane for F3J style thermal flight.

Excellent for FF2000 category, for F3J training or quite simply for the modelers practising the radiocontrolled gliding in plain or on slope and which seeks a general-purpose machine, robust and powerful.

If you are interested in a different color combination than we offer, please contact us.

Technical specification:

						
3200 mm	1550 mm	2,9-3,1 kg	67,6 dm ²	42,8-45,8 g/dm ²	MH32	5 channel 6 micro servos

RC equipment: 5 channel

7-channel receiver

4 micro servos for ailerons and flaps

1 micro servo for elevator

1 standard servo for rudder

transmit-receive accu 4,8V/1,4 - 2Ah

Kit contents:

- fuselage and cabin moulded out of glassfiber/epoxy and gelcoated
- the wings are in three parts to facilitate the storage and transport
- the wings are manufactured out of foam core and balsa planking with hard wood spars and are reinforced by carbon and glass fiber tapes. The control surfaces are completely reinforced with fiberglass to avoid twists. The whole is covered in a sublime way, in Oracover.
- epoxy/glassfiber hollow moulded horizontal stabilizer and fin
- C.A.M. formers and various wood parts
- step by step building handbook
