
RC-Factory Crack Pitts XL gelb - 1000mm

Art.Nr.: T70

Our first biplane in the XL line. Together with our partner company Twisted Hobbys and their associate designer Cody Wojcik, we have built upon our accumulated experience and created this revolutionary biplane with full flying stabilizer. Here comes the craziest biplane in the 1 m category, period. Extreme agility with that special "biplane feel". Yet still, with limited throws, the plane is docile enough to become a well behaved 3D training model.

Hauptmerkmale

- wingspan: 1000 mm
- length: 1030 mm
- AUW: 750 - 800 g
- motor: 2814/1000kv
