

## RCEXL Brushless Smoke Pumpe 2-3S Regelbar bis max 1500ml / min

**Art.Nr.:** RC-Smoke2

RCEXL Brushless Smoke Pumpe 2-3S Regelbar bis max 1500ml / min

**Brushless Pump**

【DIMENSION尺寸】

【SPECIFICATION参数】

|                        |                                                                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
