

VA-Model Fokker Dr.1 - Red Baron ARF 1002mm

Art.Nr.: VA-FOKKER DR.1 v2

FOKKER DR.1 v2

The Fokker Dr.1 V2 is our brand new World War 1 triplane fighter. The model is designed to have as many faithful and mock-up elements as possible, like its real WWI prototype, but at the same time to be a pleasant and tuned model to fly. We believe that more than 2 years of development of the construction and design of the model means the creation of one of our brightest model of our offer!
