Product description:

We continue to dynasty ULTIMATE models. This is our third version of this model. ULTIMATE X3 is again more Scale, the model has many accessories, graphics and editing shapes, plastic motor cover, transparent cabin with cockpit equipped aircraft, etc. Model with a very realistic, dynamic appearance and attractive graphic design by airbrush technology. The plane is produced by CNC technology from EPP foam. It has a wide speed range and pleasant flying behaviour. This model has almost all parts made from EPP + plastic covers

Airframe is composed of counters, it's very tough and there is possible to use a wide range of components.

Model build time is approximately 2-3 hours.

The kit contains: assembled fuselage, two pairs of wings, rudders, complete accessories needed to finish the model (wheels, levers ,etc.), A4 Printed manual

All parts are in the selected color treatment.
